

### Kraton Polymers LLC – Cosmetics, Drugs and Medical Device Policy

No customer of Kraton Polymers, or any other party, shall, without the express written consent of Kraton Polymers for each specific, individual application, be permitted to manufacture, use, sell, process, or otherwise supply, directly or indirectly, any Kraton Product, or any compound containing or made from any Kraton Product, in any of the following end-use products or applications:

1. Cosmetics products, other than: (a) cosmetics products containing Kraton product grades designated for cosmetics use, and (b) products designed for the packaging or delivery of cosmetics. For purposes hereof, a product shall be deemed a “cosmetic product” if it satisfies the definition of cosmetic product contained in any applicable law or regulation of the United States, China or the European Union (or any member state thereof).
2. Drug and other pharmaceutical products, other than products designed for the packaging or delivery of drugs and other pharmaceuticals.
3. Medical devices, other than: (a) any medical device falling within the definition of either a Class I or Class II medical device, as defined in any federal law or regulation of the United States or Canada, or (b) any medical device falling within the definition of a Class I or Class II(a) medical device, as defined by any applicable regulation of the European Union or any member state thereof.
